During our five years at Oxford High School, there has been a trend toward a return to nature and the appreciation of our natural surroundings. We as a class have also participated in this movement.

The archetypal symbol of the tree as selected by the 1977 Ravelin's staff, represents the individual growth process and the permanence of the life-force in the world.

In the words of Leonard Nimoy:

The seasons pass,
The seed sprouts.
The young branches begin to form,
To reach out for new experiences,
New contacts,
To test their strength
In the wind.
To examine their size and shape
As a child discovers
Its own hands and feet.

O Great Spirit, whose voice I hear in the winds,
And whose breath gives life to all the world, hear me!
I am small and weak, I need your strength and wisdom.

Let me walk in beauty, and make my eyes ever behold the red and purple sunset.

Make my hands respect the things you have made and my ears sharp to hear your voice.

Make me wise so that I may understand the things you have taught my people.

Let me learn the lessons you have hidden in every leaf and rock.

I seek strength, not to be greater than my brother, but to fight the greatest enemy — myself.

Make me always ready to come to you with clean hands and straight eyes.

So when life fades, as the fading sunset, my spirit may come to you without shame.

An Indian Prayer

MUSIC DEPARTMENT 1976-1977

The Senior Chorus performs at major school and town functions. Under the direction of Mr. Michael Fura, the Chorus performs in both the annual Christmas concert, and the Spring musical. Members are selected for this group by audition only; these students devote five class periods a week plus extra rehearsal time to this activity.

The Oxford High School Band, under the direction of Mr. Michael Fura and Mr. Martin Gilman, performs at all home football games and produces imaginative and off-beat half-time programs. The band also performs at various school and town functions throughout the year.

The Stage Band, under the musical leadership of Mr. Marty Gilman, consists of a smaller group of dedicated musicians. This group forms the basis of the pit orchestra which performs in the spring musical. These musicians perform music of a more modern and complex variety.

The majorettes participate in all home football games, rallies, and in-town and out-of-town parades; the group in the past has also performed dance routines at many school performances.

The color-guard participates with the band in parades and at football games. Many of the majorettes began their high school music careers in this group.

The eighth grade Glee Club offers the youngest students a chance to develop the musical skills and dedication necessary for joining the more advanced groups. Interest runs high, as these students are looking forward to the not-so-distant day when they may become a part of the larger group.

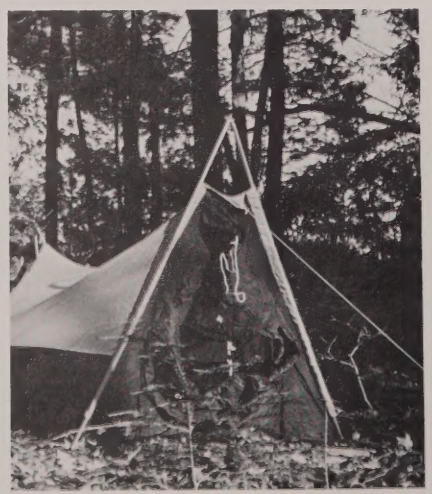
PROJECT ALPINE

Project A.L.P.I.N.E. is a secondary physical education program designed by the staff and students of Oxford High School to further the goals of Chapter 622. It expands the already existing curriculum to provide a variety of non-traditional, non-stereo-typed activities.

Mr. Andrew Hescheles, Miss Catharine Gaydosh, Miss Donna West, Mr. Gerald Peek, Mr. George Starkus, and Miss Joyce Erickson have been instrumental in instituting these new activities.



On the tenth grade level Project A.L.P.I.N.E. adopts the goals and objectives of Project Adventure, a Title 3 ESEA funded program, to provide a basis for subsequent mini-courses. The goals are to provide students with an opportunity to participate as a group in such activities as initiatives, low ropes, trust exercises, and cooperation activities. The objectives of this program are to develop self awareness, mutual trust, and self confidence in students.

The second phase of Project A.L.P.I.N.E. expands the traditional curriculum to include non-stereo-typed, non-traditional activities. Students select mini-courses according to their own needs and desires. Activities at this level include golf, canoeing, archery, weight-training and fitness, camping and hiking, orienteering, ice skating, cross country skiing, snow-shoeing and winter games. In addition to this program the traditional physical education program is offered to students who desire it.
